

Union Mills 44th

Annual Corn Roast Festival

Cool temperatures, cloud cover and no rain yielded one of the best riding days for this early August event in years.

A total of 124 cyclists participated:

# of riders	Pace	Distance
44	13-15 mph	40 mi.
36	16 mph & over	64 mi.
30	13-15 mph	52 mi.
14	10-12 mph	28 mi.

Those who stayed for the Corn Roast were rewarded with a delicious meal including all the roasted corn they wanted. The atmosphere was upbeat with continuous live music. The folks at Union Mills Homestead responded to our feedback last year and provided a carpet for the footbridge which can be slick in the morning. In addition, they made signs directing the cyclists to the parking area specially designated for us. Each year the Director of The Homestead thanks me personally for our club's support and the gift we made some years ago of a professional tomato slicer.

Thanks to the following BBC members for their help:

Cue sheet prep – Phil Feldman, Bruce Galanter, John Isaacs, Jack MacConnell

Ride leaders – Don Fair, Phil Feldman, Bruce Galanter, Larry Kenney, Darrow Neves

Special thanks to Georgia Glashauser for her help on the day of the event. The morning went smoothly because of her foresight and effort.

We plan to return next year and anticipate another sterling event.

Gloria Epstein, Event Leader
